INSURER AWARDS SCHOLARSHIPS

By VINH BAO

(TN-HCMC) ACE Life Vietnam recently awarded 81 scholarships to needy students in the southern Vietnam under their Crossing Waves Scholarship program.

This year, 314 scholarships worth a total of VND932 million (US\$55,000) have been being given to students across the country under the program.

The scholarships, worth VND3 million (\$177) each, are awarded to poor students who achieve good academic results in the university entrance examination. The scholarships are meant to cover tuition fees and initial schooling costs, the insurance company said.

ACE Life Vietnam will present 133 scholarships to students in Da Nang and Hanoi this month.
